

# Going to the Restroom at Church Social Narrative

Sometimes when I am at church  
I may need to use the restroom.

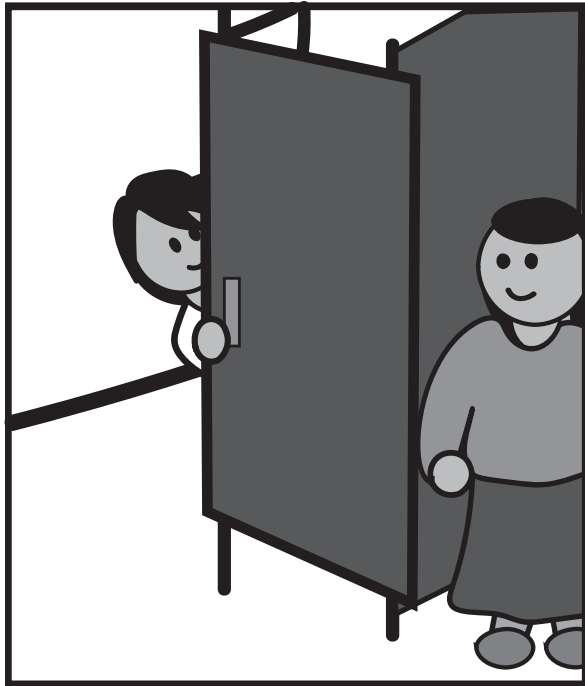

I can let my family or my teacher know.

Then I can go to the restroom.

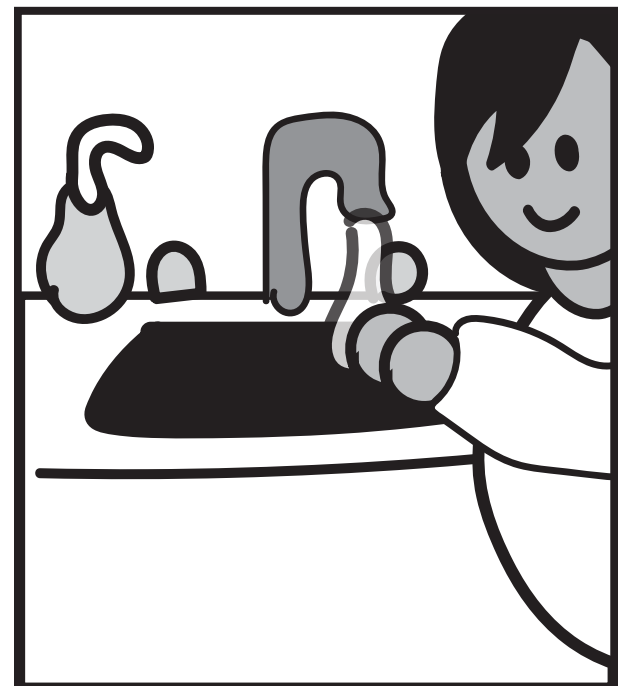

# Going to the Restroom at Church Social Narrative

When I go to the restroom, I can close the stall door.

Then I can go to the bathroom just like I do at home. When I am done, I can flush the toilet.

Then I can wash and dry my hands.
