

Starting Youth Group Social Narrative

I am going to youth group at my church.

There will be teachers and other kids in my youth group. I may know some of the people, and I might meet some new people too.

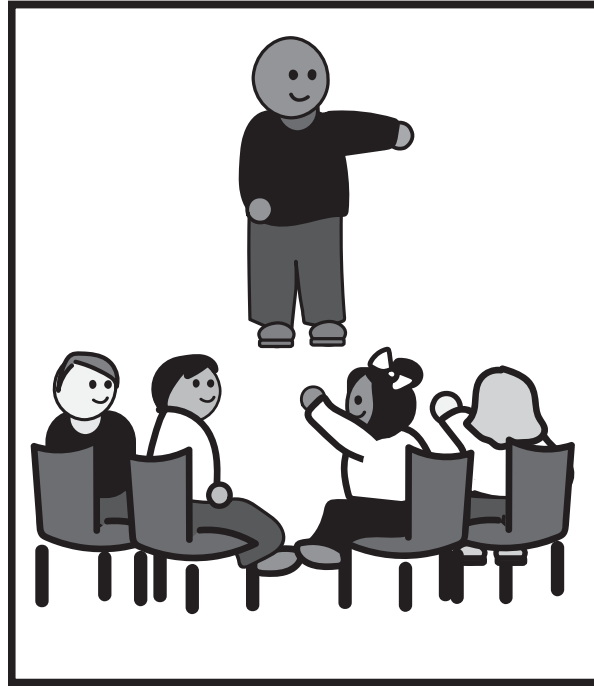

We may meet in a new room and have new rules to follow.

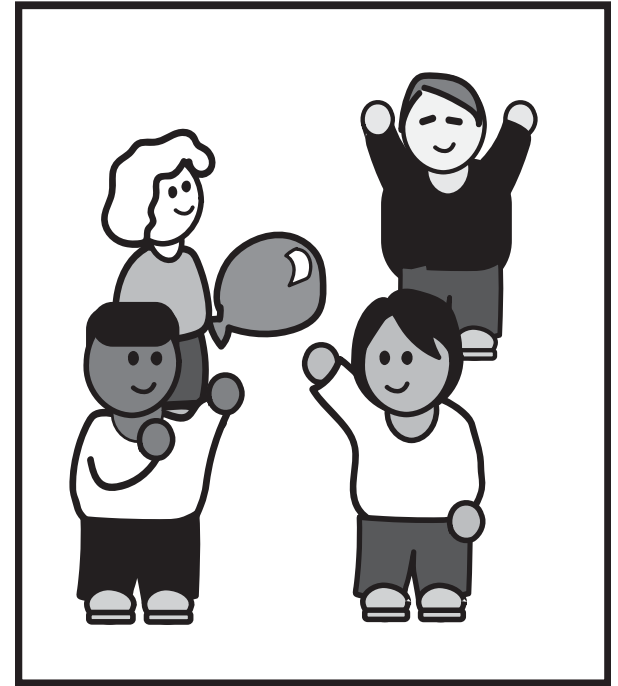

Starting Youth Group Social Narrative

We may have music time. If it is too loud, I can ask for headphones or a break.

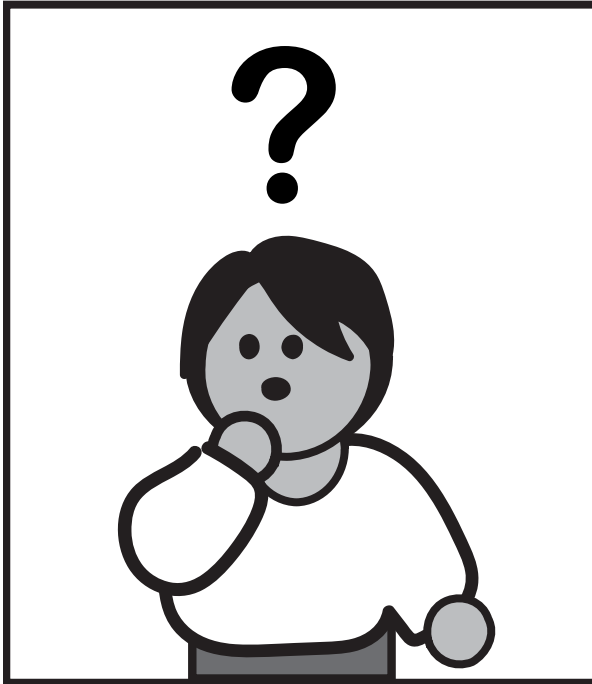

We may sit in a group and talk. I can take a turn talking, or I can just listen to others.

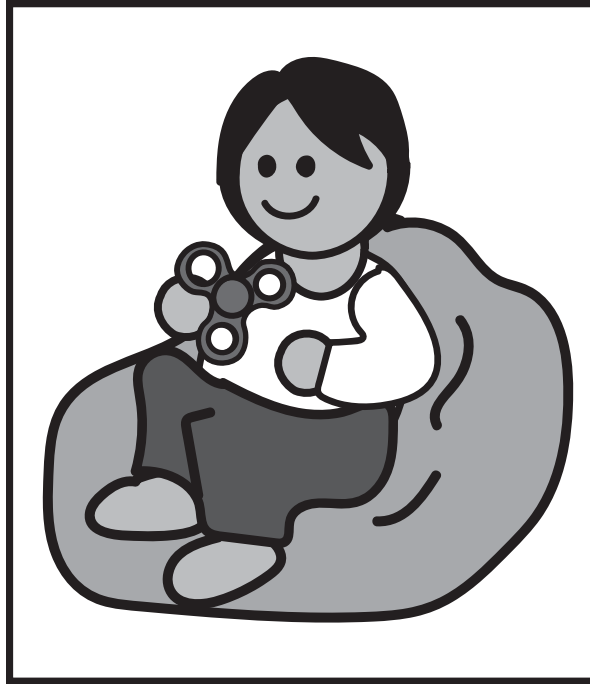

We may play games. I can join in the game or I can watch.

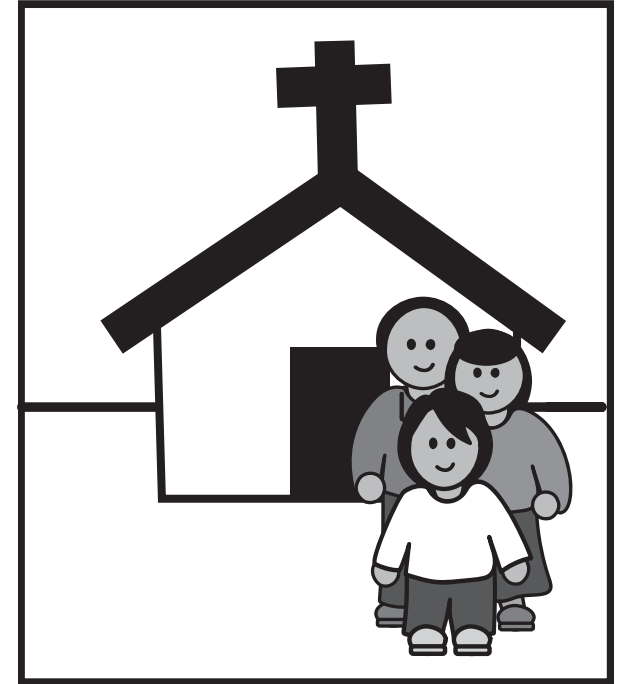

Starting Youth Group Social Narrative

If I have questions, I can ask my teacher or a friend for help.

If I start to have big feelings, I can ask for a fidget or a break. When my body feels calm and safe, I can rejoin my class.

When youth group is over, I can leave with my family.
