

Church Outreach (Serving Meals) Social Narrative

I am going to serve in our city with a group from my church. This means we are going to show God's love by helping others. This is called outreach.

This time my group will be serving meals to people.

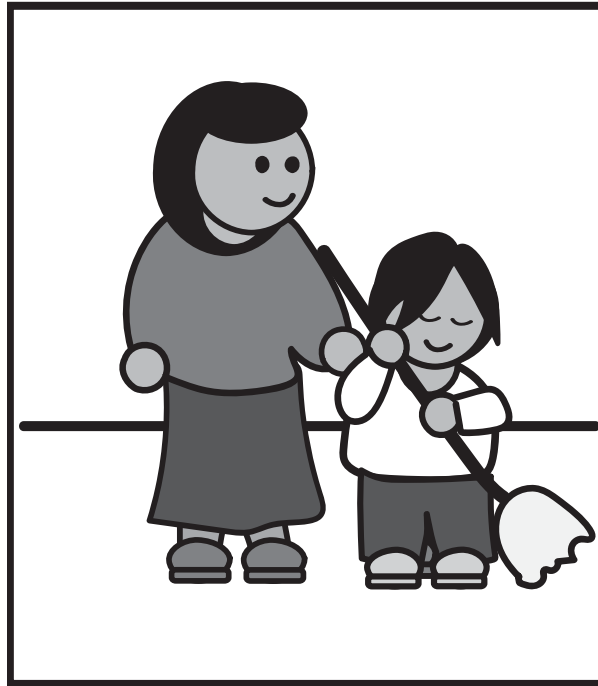

First, we will check in and find out what to do.

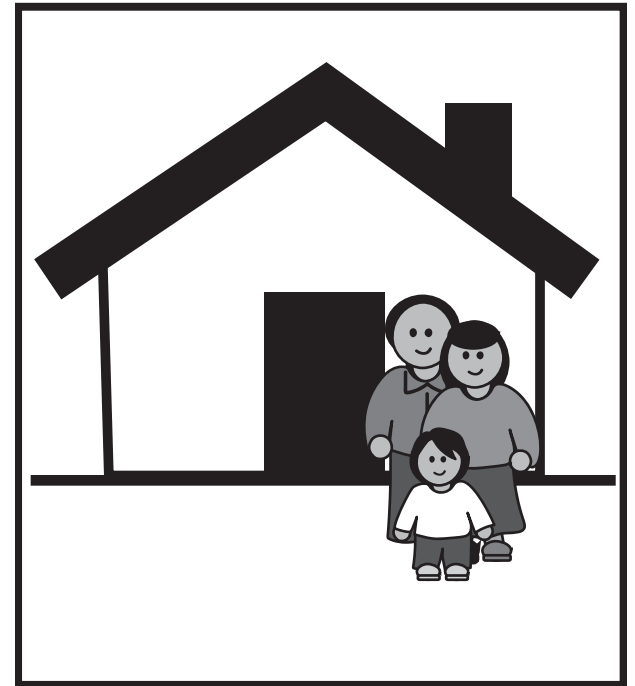

Church Outreach (Serving Meals) Social Narrative

My group may serve the food and drinks to the people.

My group may help clean up too.

When we are done, I will leave with my group.
