

Serving with the Church (Outside Work) Social Narrative

I am going to serve with people from my church. This means we are going to show God's love by helping others. This time my group will be serving outside.

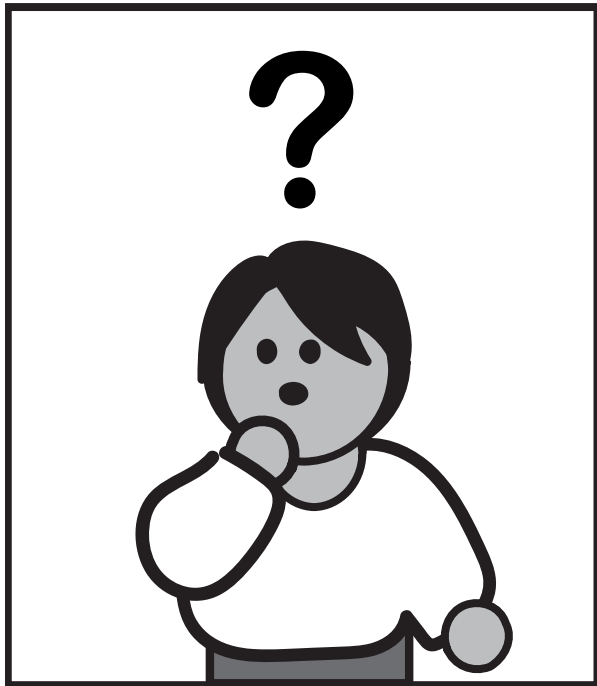

My group may rake leaves, pull weeds, or pick up litter. Or we may do other things to keep the outside clean.

My group will stay together.

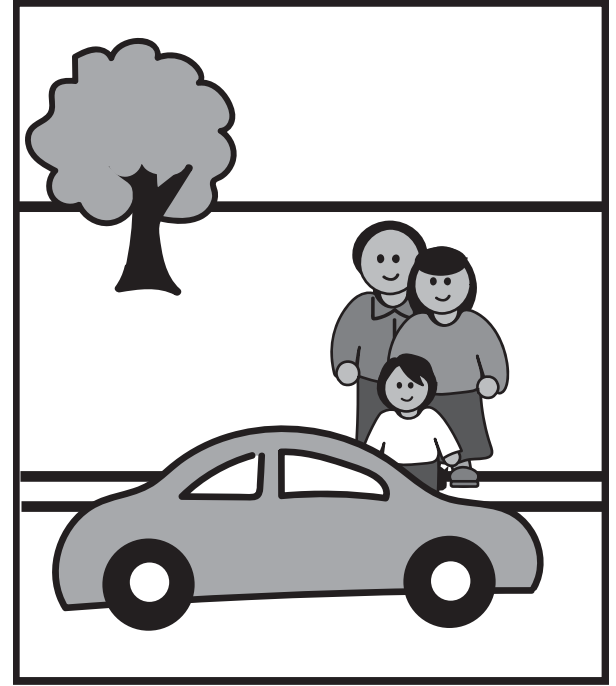

Serving with the Church (Outside Work) Social Narrative

If I have questions, I can ask someone from my group for help.

If I get tired or start to have big feelings, I can take a break with someone from my group. After the break, I can work again.

When we are done serving outside, it will be time for our group to leave.
