

Performance in front of Church (Singing) Social Narrative

We are going to have a special day at church where kids get to sing in the big church room.

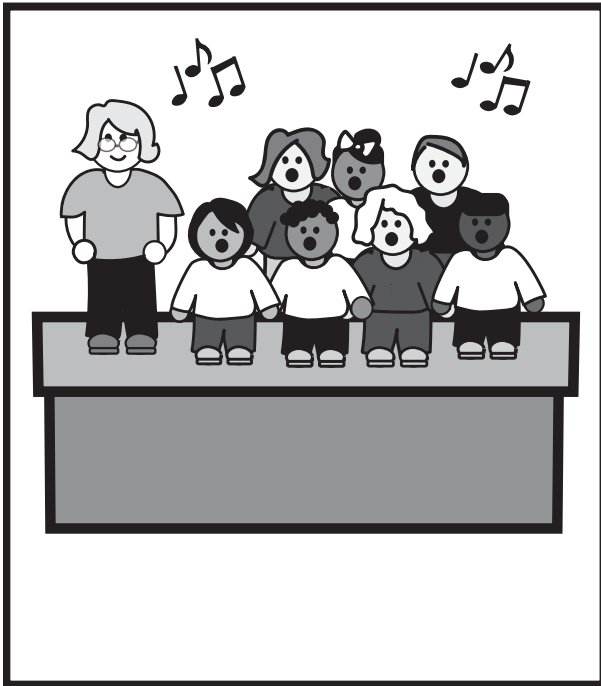

When its time, my group will line up and follow the teacher to the room.

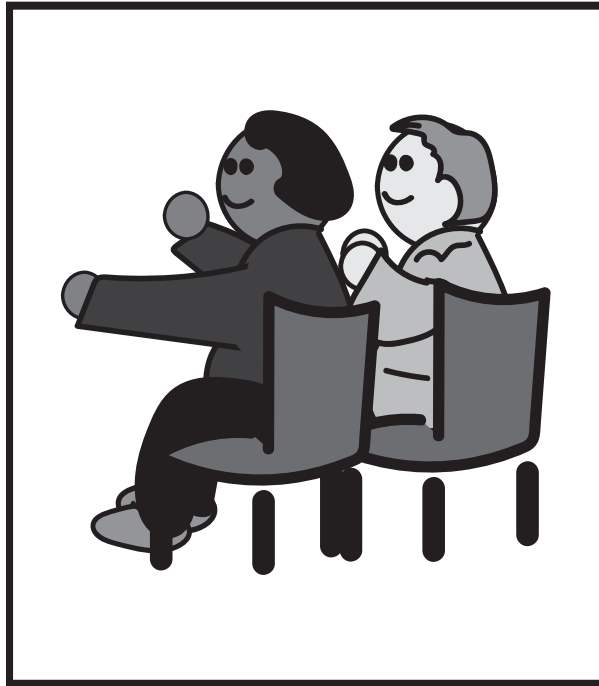

The big church room may be loud and crowded. It may be dark or have bright lights. If I want to, I can ask for a break or some headphones.

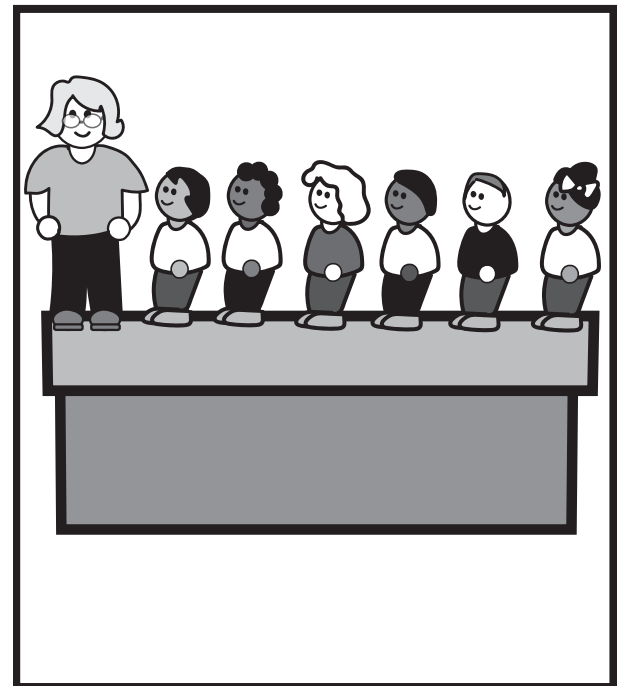

Performance in front of Church (Singing) Social Narrative

Then, my group will go on the stage and sing.

Afterwards, people in my church may clap or cheer.

When singing is over, my group will follow the teacher off the stage.
