

Church Festival Social Narrative

My church is going to have a big party.
It is called a festival.

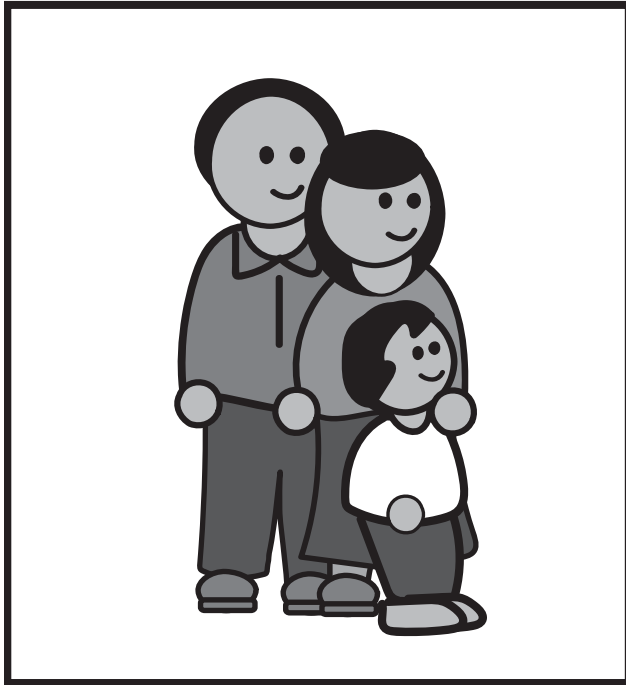

When people come to the festival,
they might check-in or
put on a name tag.

There will be lots of people
there. It may be crowded or noisy.

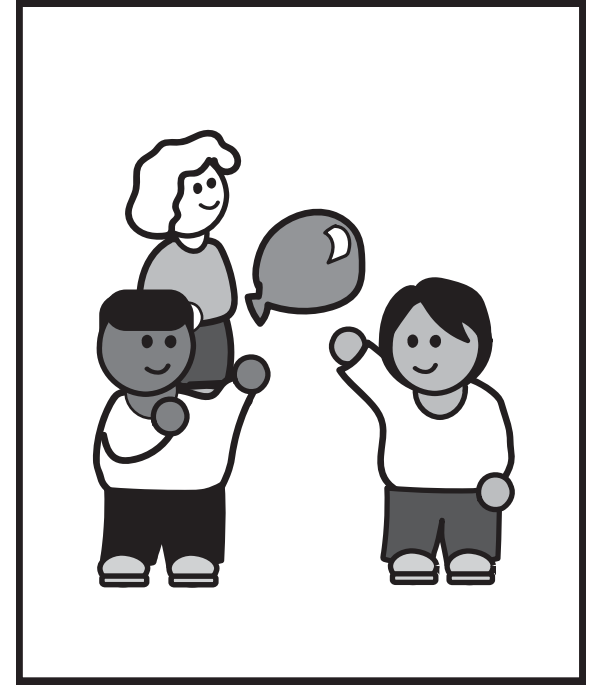

Church Festival Social Narrative

I will be with my family.

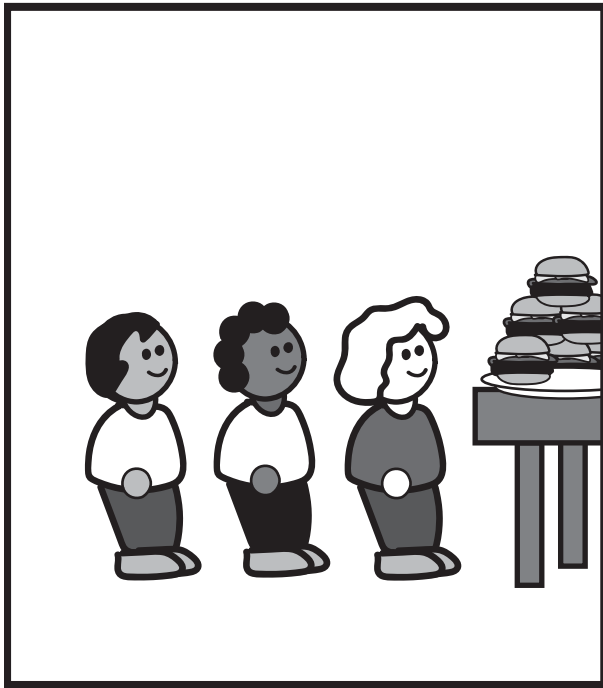

There may be yummy food to eat.

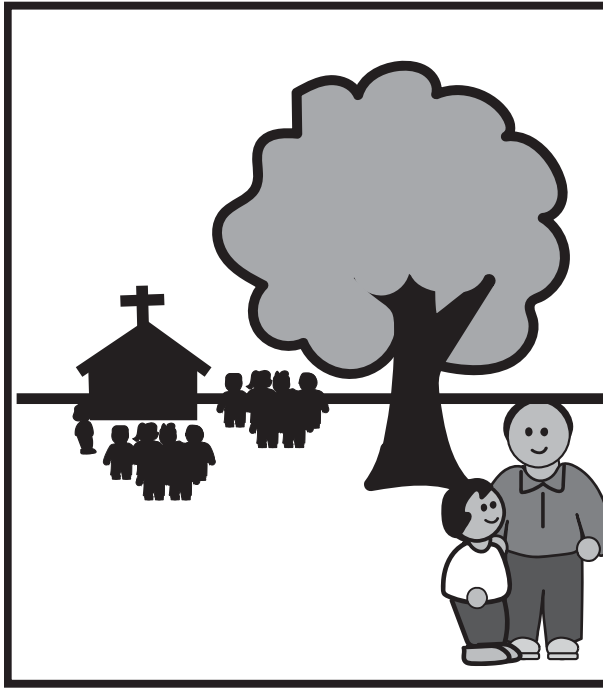

There may be fun games to play.

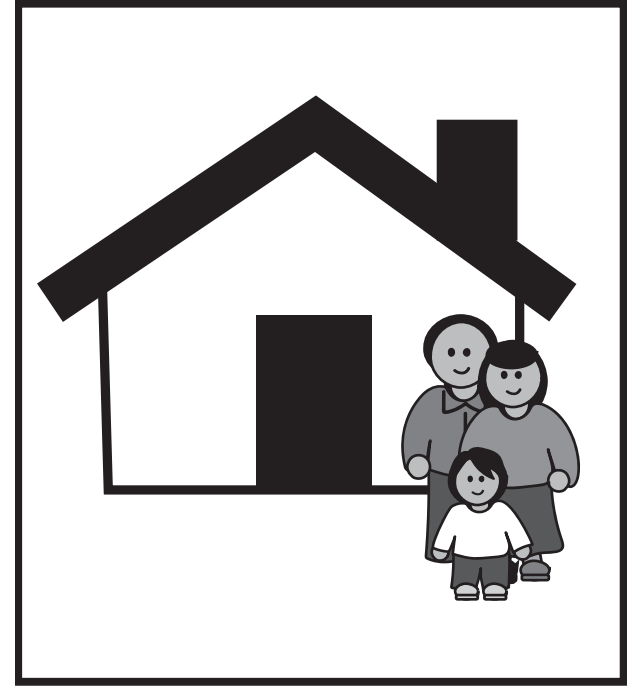

Church Festival Social Narrative

Sometimes we may have to wait our turn. Waiting is sometimes hard. I will do my best to wait with a safe and calm body.

If I don't like the noise or crowd, I can take a break with my family. Then I can return to the activities after my break.

When the festival is over, I will leave with my family.
